BEARS MADE STRONG RAID ON COTTON

·

Philadelphia Firm Makes Handsome Profits-Squeeze Fails to Appear.

REPUBLIC SPECTAL

New York, July 21.-There was a big slamp in the price of cotton at the opening of the exchange this morning, and instead of a squeeze of July and August shorts and a resultant rise, which has been anticicided drop in the price of those options locally to-day.

July opened down 18 points, at 8.51c, and after a further decline to as low as 8.43c, there came a rally to around 5.48c. The first price in August-8.550-represented a break of 9 points. The downward movement continued to 8.Dc. followed by a recovery to 8.20c. Still later there was a fall to 8.33c. This sudden depression naturally had an adverse influence on the rest of the list. The dominating factor of the day was the issuance of some 25,000 July notices by

a prominent Philadelphia spot cotton firm. The first sale of July was at 8.9%, but the next sale on the call was at 8.50c. From this there was a still further drop to 8.42c, or 26 points off from the final price of last All sorts of rumors were in circulation as

to the intentions of the Philadelphia con-tingent in August, the assumption being that further efforts would be made to round that further efforts would be made to round up either the longs or the shorts.

It was believed that after putting out the notices, the same people regained possession of at least 15,000 baies in the open market at a profit of at least 20 points or 51 per bale. Covering was indulged in to some extent late in the day, and at the close the market was steady.
